devolution and development governance pdf

Devolution is the statutory delegation of powers from the central government of a sovereign state to govern at a subnational level, such as a regional or local level. It is a form of administrative decentralization. Devolved territories have the power to make legislation relevant to the area.. Devolution differs from federalism in that the devolved powers of the subnational authority may be ...

Kenya has the largest, most diversified economy and the second largest population in East Africa. It also has a young, ambitious and well-educated workforce eager to contribute to the development of the country. These factors have helped the country become a leader in mobile-money and information-and-communication technology. As â€œthe gateway to East Africa,â€• Kenya plays a vital role as a ...
