My definition is simple-- you speak English automatically when your speech is effortless. You speak fluent English when the words come out of your mouth-- without translation and without hesitation. Sometimes this is called "thinking in English", but truly automatic speech is even faster than that-- there is no thinking.

### **Powerful English Speaking - Learn to Speak English**

If you think in your native language and then try to speak English, you'll always have to translate between languages. Translating isn't an easy thing to do! Even people fluent in two or more languages have trouble switching between languages.

### **How to Improve Spoken English (Without a Speaking Partner)**

In annual reports translated into English, many terms are misleading in that they do not mention impairment, peaking at 39 per cent in German and Italian reports in one year.

### **Why do You Speak English (in Your Annual Report)**

Unfortunately, there are just as many exceptions as there are rules in English. It's easy to get stuck on learning how to speak English properly, if you try to find a reason for everything. Sometimes English is weird and unexplainable, so instead the best thing to do is just memorize the strange exceptions and move on.
